

CSWC Operational Period Summary 1800 May 12 to 0600 May 13 2014

Fix50 Project Update: May 12, 2014 Caltrans photograph

SITUATION SUMMARY

Significant Weather Watches and Warnings

Red Flag Warning:

- In effect through Wednesday evening for areas in Los Angeles, and Ventura Counties
- In effect through Wednesday evening for areas in Orange, San Bernardino, Riverside, and San Diego Counties
- In effect from Tuesday morning through Thursday evening for the mountains of Kern and Tulare Counties

High Wind Warning:

- In effect from Tuesday morning through Wednesday afternoon for areas in Riverside, San Bernardino, and San Diego Counties

Southern California Utilities Activate:

Per Don Boland, CUEA the Emergency Operations Centers (EOC) for Sempra Energy and Southern California Gas have been activated through at least Wednesday due to the forecasted heat and Red Flag Warning fire conditions.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major construction U.S. Highway 50, Sacramento, Sacramento County

- Please see “Fix 50” slides for additional information, including [alternate routes](#).

SITUATION SUMMARY

Power and Water Outage in Yermo, San Bernardino County

- The San Bernardino County Duty Officer notified the Cal OES Southern Region of a power and water outage in the Yermo area in San Bernardino County which occurred at 1130 hours on 05/12/14.
- The Outage was due to the loss of 6 power poles as a result of the high winds yesterday.
- The water provider in the Yermo area is Daggett CSD which has approximately 186 connections (136 residential & 50 commercial).
- San Bernardino Department of Public Health is working with the water provider and calling food and housing facilities in the affected area (14 food, 3 schools, 8 housing units) to walk them through general sanitation practices.
- Power has been restored as of 1615 hours on 05/12/14.
- Water lines are expected to be out of service for the next 3 to 4 days.
- The water lines will be flushed and water will be sampled to ensure that water is potable.
- Daggett CSD will provide bottled water to those affected by the outage.
- The San Bernardino County Department of Public Health has issued a Boil Water Notice.
- There is no request for assistance and no access or functional needs issues reported at this time.

SITUATION SUMMARY

Apartment Fire, Hawthorne, Los Angeles County

- Cal OES SDO was contacted by American Red Cross on 05/12/14 regarding an apartment fire located at 13505 Doty Ave, Hawthorne.
- Three vehicles caught fire in an underground parking garage at the 75 unit apartment building, forcing residents home at the time to evacuate.
- An estimate of 75 to 100 individuals have been evacuated. Building has been red tagged.
- City has directed evacuated residents to Hawthorne Memorial Recreation Center as a temporary evacuation site. Current Shelter Count as of 05/13/14 at 0530 hours – 8.
- The Los Angeles Region of the American Red Cross will be opening the Betty Ainsworth Sports Center for overnight sheltering.
- Potential Access and Functional Needs - One resident lost a wheel chair and staff is working to assist the resident with replacement and transportation assistance.

“Fix 50” Information

Major construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is underway on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Roadway Construction Timing:

Eastbound Highway 50: April 22 – May 21

Phase 2: May 2 - May 21

- During Eastbound, Phase 2 (May 2 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

“Fix 50” Information (Cont.)

Major construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the EASTBOUND direction (April 22 – May 21):

If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

If traveling from Davis to Downtown Sacramento:

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

If traveling from Natomas/Davis to Rancho Cordova/Folsom:

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Warm weather will continue across northwest California through Thursday as strong high pressure builds over the region. A cooling trend will begin late Thursday and into Friday.

San Francisco Weather:

Record or near record warmth today into Wednesday with heat advisories posted for most of the Bay Area and Monterey Bay Region. Coastal cooling will develop by Thursday while hot weather will persist inland. Further cooling will occur in all locations of the forecast area by Friday. Over the weekend there will be a return to seasonable temperatures as onshore winds return along with periods of low clouds and fog.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Temperatures will be heating up to near record levels by midweek as a ridge of high pressure builds over California. Cooler temperatures expected on Friday through the weekend as a trough moves through the Pacific Northwest.

Hanford Weather:

High pressure will build over the region bringing a warming trend along with lighter winds. Beginning today and continuing through the upcoming week, temperatures will be much above normal for the forecast area.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure aloft and offshore flow through midweek will result in very hot weather for the remainder of the week with Wednesday and Thursday likely the hottest days. Temperatures will return to near normal by Sunday or Monday as a trough of low pressure develops over the West Coast.

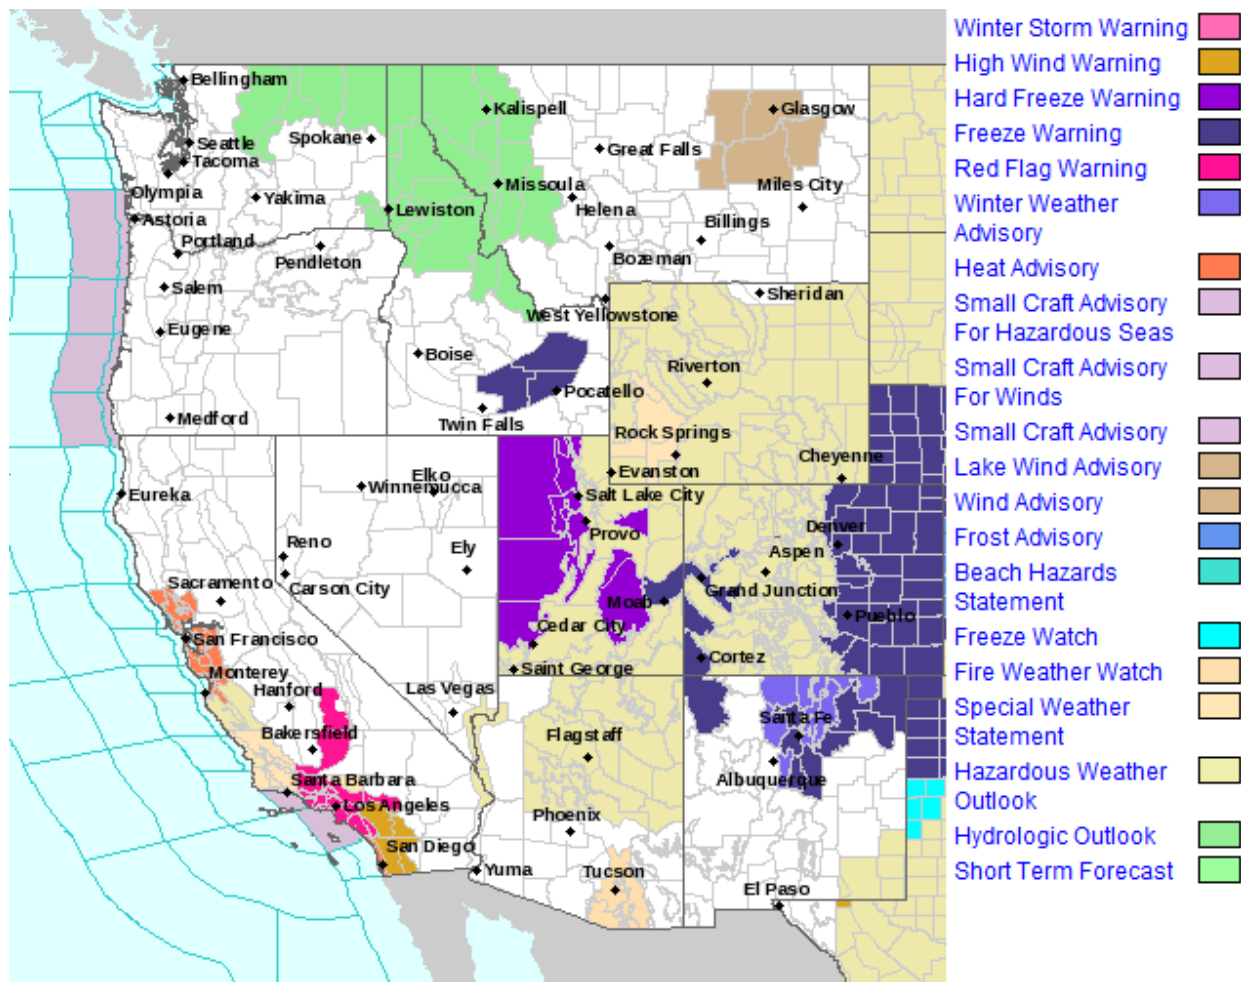

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

High pressure aloft will strengthen along the West Coast through Thursday bringing much warmer daytime temperatures. Surface high pressure over the Great Basin will bring periods of strong gusty east to northeast winds through Wednesday. Weather will continue to be hot and very dry Thursday but with weakening winds. Weak onshore flow will return on Friday and strengthen into early next week. This will bring a cooling trend with gusty west winds in the mountains and deserts. The marine layer will return and deepen with areas of night and morning low clouds and fog returning during the weekend and extending inland into the valleys early next week.

Southeast California Weather:

Dry northerly flow aloft will set up across the region through the middle of the week for sunny days and clear nights. Breezy northeast winds are expected today and Wednesday. Under high pressure and sunny skies, temperatures over the deserts will gradually rebound to 100 degrees and above by Thursday and continue through the end of the week.

CAL OES DROUGHT ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-3171** The California State Parks, via the El Dorado County Sheriff's Office, requested a water certified human remains detection (HRD) K-9 team to assist in a search of Folsom Lake for four subjects who were in a boating accident on Saturday and presumed drowned. State and local resources have been searching since the incident occurred, but to no avail. The Cal OES Law Enforcement Branch has coordinated one HRD K-9 team (Handler and dog) to assist; they will report Tuesday, 5/13/14, at 0800 hrs., at Browns Ravine where they will be briefed prior to commencing search efforts.

Ongoing Cal OES Missions

- **2014-LAW-2843** Plumas County Sheriffs Office (PCSO) is requesting Search and Rescue resources in support of a Humans Remains search Southwest of Lake Almanor. County SO will be providing 2-3 Humans Remains Detection (HRD) K9s for search efforts. Searches conducted on 5/3 and 4, located several items of interest. Plumas County personnel planned on returning for additional searches on or about 5/9/2014. Cal OES LDO continues to coordinate resources.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
